## GRUSSWORT DES SCHIRMHERREN

Dear citizens, dear dance enthusiasts,

I am delighted to welcome you to the Urban Dance Festival in Magdeburg. As Minister for Economic Affairs and Tourism for this state, it is a special honour for me to be the patron of this festival, which not only combines art, culture and music, but also the fields of business and tourism in a unique way.

The Urban Dance Festival undoubtedly has a positive impact on the Magdeburg region. It not only promotes the artistic life of our region, but also tourism and our local economy. Thanks to the international flair that we receive, above all from the artists, but also from our guests, we are raising the profile of our entire federal state.

Hotels, restaurants, shops, cultural and tourist facilities benefit from the additional visitors. I am already looking forward to the numerous pictures and videos that will be shared on social media and elsewhere. This will enable us to generate more attention for our Saxony-Anhalt and create positive effects. We can show ourselves as the cosmopolitan, diverse and modern state that we are. In this way, the festival helps to strengthen the image of our state as an attractive holiday destination. Because one thing is certain: Saxony-Anhalt is truly beautiful in terms of tourism, cuisine and culture! We can all be proud of that.

I wish all participants and visitors from near and far an unforgettable time at the Urban Dance Festival in Magdeburg.

With best regards

**Sven Schulze**

# SCHIRMHERRIN DER IDO WORLD BREAKING CHAMPIONSHIPS 2024

## GRUSSWORT DER SCHIRMHERRIN

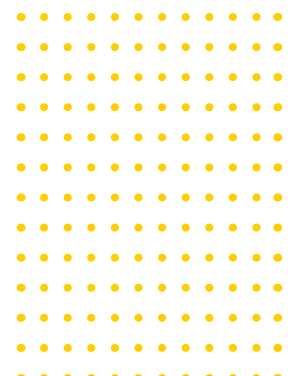

.....

The Da Rookies have been performing their dance artistry on international show and competition stages for twenty years, delighting audiences everywhere. They not only carry the name of Magdeburg out into the world, but also regularly bring world championship titles and world records back to their home town. We are particularly proud of this personal achievement and the worldwide recognition of the breakdancers in our sports city of Magdeburg.

Magdeburg is not only a crazy sports city, but also a place of togetherness, diversity and tolerance. It is precisely this mentality of our urban society that the Urban Dance Festival conveys by combining sporting activity, cultural exchange and inclusion. The patronage of this extraordinary, international event is therefore a matter close to my heart.

I would like to thank our honorary ambassadors Nils Klebe and the Da Rookies for their commitment, which has now made Magdeburg the host city for these four important Breaking World Championships and World Cups in hip hop, popping and inclusion. The Urban Dance Festival is a friendly invitation to the world to get to know the state capital of Saxony-Anhalt. It is also an inspiration and enrichment for our development as a city community. An experience that sets an example for cosmopolitanism and modernity and emphasises Magdeburg's international position.
